

Taos Traveler Education 2010

Escape the Modern Day. Rejuvenate in Taos. Return to Sacred Places.

This outreach form has been designed to help collect traveler education information to directly benefit you and Taos. It is aimed at obtaining content to make it easier for visitors to find you, what you offer, and access all there is to do, see and partake of in Taos. The Town of Taos may use this information in its marketing efforts. There is no cost to you. By returning this form you simply allow the Town and Griffin & Associates to use the information in their visitor outreach efforts. Use will potentially include inclusion in media kits, national e-magazine distributions, *Taos News'* visitor guides, etc. As possible, please also deliver one image – of you, your place of business, a special Taos image -- whatever works – for potential use with your information.

Please return this completed form and your image to:
