Re: FUNDING 2009/2010 LGRF PROGRAM

Dear Mr. Espinosa,

At this point, I would like to inform you that the New Mexico Department of Transportation Commission has approved your project for 09/10. The funding amount is as follows:

	<u>Project No.</u>	<u>Entity Share (25%)</u>	<u>State Share (75%)</u>	<u>Project Total</u>
COOP	SP-5-10(119)	\$11,206.00	\$33,618.00	\$44,824.00

The following will be the scope of work:

PAVEMENT REHABILITATION/IMPROVEMENTS AND RECONSTRUCTION AND DRAINAGE IMPROVEMENTS OF VARIOUS LOCAL STREETS

If the above funding amount requires that your project be adjusted from what was originally proposed (i.e. **Changing lengths or adding or deleting roads with NO change in scope for "type of work to be done"**), please submit the new adjusted project with the roads that are to be done and/or their new lengths. In this submittal you will need to submit a new Estimated Cost Summary detailing the above and all their corresponding costs and the new total for the Project.

Please submit the **resolution** for your project including the project scope, project limits and the project amounts as indicated above. Upon receipt of your resolution I will generate four contracts for execution.

If changing the scope - **as to type of work to be done** - is absolutely necessary, then you will need to submit to the District Engineer a request for this scope change in writing explaining the reason for the change and a new resolution indicating the new scope of work. This will require approval at the next Highway Commission meeting.

To ensure funding of this project the contract must be fully executed and encumbered by December 31, 2009. Therefore we will need the above as soon as possible.

I hope you find this information helpful. If you have any questions, please contact me at 476-4162. Please submit the applicable information as soon as possible so that I can send you a contract for execution.

Sincerely,
