## DESCRIPTION OF PROPERTY:

Building #3 at 412 Paseo del Pueblo Norte [Rooms 128-135] is a two story stuccoed Contemporary style structure with boxed massing and a flat roofline. Upper level massing projects beyond that of the first floor on the east and west elevations. The projecting massing provides balconies for various upper level rooms with wood and steel railings. Windows are large lite fixed tinted plate glass units with wood frames. There are recessed curtain walls on the north and south elevations. Other windows are aluminum slider units. At the building's southeast corner, there is a deeply recessed shed roofed portal on the second floor. It has carved posts, corbels, and exposed roof beams. A wood and metal open stair provides access to the portal on the south elevation. There is a recessed entrance on the west elevation. An additional upper level deck with a wood and metal railing stands on the north elevation. A large thunderbird mural is on the south elevation adjacent to the infilled garage door. The building is out of keeping with the characteristic architecture that exists on the site.

CONSTRUCTION DATE KNOWN? **Yes** SOURCE FOR CONSTRUCTION DATE:
