DESCRIPTION OF PROPERTY:

The structure at the southwest corner of the lot which is addressed at 205 Don Fernando Street is a utilitarian designed former high school building with a flat parapet. The western section of it is a tall mass with a secondary parapet on the south which undulates slightly. Its east and west elevations are buttressed. There are canales on the east façade. Windows are 12-lite metal units with brick sills. The entrance is recessed on the south elevation with double metal doors. The east wing of the building, which historically housed classroom space, has a parapet that steps on the east façade. Windows, which are modern replacements, are 6-lite aluminum units with side sliders with brick sills. There is a partial-width portal with simple posts on the east elevation. Entrance to this wing of the building is under the portal through double-leaf metal doors. The north wing, which appears to be a recent addition, is a flat-roofed stuccoed structure with buttresses and a partial width shed roofed portal on the east elevation. The portal has carved posts and corbels. Windows are clad 1-over-1 double hung units. The door is a
