MEMORANDUM

TO: 121 Dragoon File
FROM: Matt Foster, Long Range Planner *MF*
DATE: January 24, 2007
SUBJECT: Corrections to HCPI Form
CC:

I spoke with Silvia Holland on January 23rd who had the following corrections to the HCPI Forms.

I explained the error in previous correspondence requesting her decision to have the building added to the list of contributing buildings. I told her that it was already designated as contributing from the 1981 survey.

- Tom Worrell is not the owner. She is the owner.
- The building was build in 1945, not 1952.
- It was built by the Vargas'.
- She bought the house in 1988.
- It has never been a rental unit.
- She mentioned that there is a basement.
