

# Suncatcher Craft

You will need:

Clear Contact Paper

Tissue Paper, cut into squares

Sequins or Glitter

Marker

Scissors

Water Colors (optional)

On the contact paper, draw out your design, a flower, fish, or a rainbow for example.

Peel off the backing to the contact paper and lay it down sticky side up.

Add your tissue paper, glitter or sequins in any design you like, or if you are using water colors, color it in with pools of color and let it dry completely.

When you are done, add another sheet of contact paper over the design to seal it together.

Using your scissors, cut the picture out and display.
