

# Bubble Painting

You will need:

Plastic tablecloth or Newspaper to cover your work area

Dish Soap

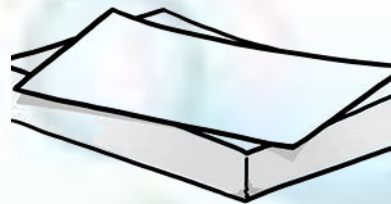

Paint

Cups

Straws

Paper

Water

1. Cover your work area so the paint won't stain your surface, this project can get messy
2. Mix 1/2 cup of water with a generous squirt of dish soap and paint in each cup and stir slowly to mix the color well.
3. With the straw, blow into the cup to make lots of bubbles, do not pop them.
4. Lay a sheet of paper over the bubbles to get the imprint of the bubbles.
5. Repeat with various colors until you like your painting..
6. You can make cards, wrapping paper or put in a frame.
